

SL1000 System

Smart communication for small businesses

At a Glance

- Built in Voice Response System including Auto Attendant
- ISDN BRI, Analogue & SIP trunks
- Digital/Analogue/IP Extensions
- 12/24 Key Terminals
- Audio Ports
- Wall mountable chassis
- Simple installation

The SL1000 provides a powerful communication tool which is built for business. The high spec built-in voice response system provides Auto Attendant and auto-routing functionality at no extra cost, ideal for small companies with limited budgets. And with a choice of either IP or digital technologies, the SL1000 is a truly versatile solution.
